

REQUIRED DOCUMENTATION

A Treatment Plan (TP) must be completed and kept on file by the end of the 3rd session. The TP must be maintained in the provider's client file and submitted to CalVCB upon request. If a mental health provider is of the opinion that the client requires treatment beyond the initial session limitations, the provider must complete an Additional Treatment Plan and submit it to CalVCB along with the original TP.

PROVIDER REIMBURSEMENT INFORMATION

- CalVCB can help pay bills and expenses that directly relate to a qualifying crime.
- Any qualified mental health provider can serve victims who are claimants with CalVCB.
- As the payor of last resort, CalVCB reimburses crime-related expenses that are not fully paid by insurance companies or other sources. To accomplish this, CalVCB corresponds with providers, as needed, to verify benefits and coordinate payments.
- When a provider submits a bill to CalVCB, they are listed in CalVCB's system as a provider of services.
- When submitting the first bill to CalVCB, include verification of licensure and a completed IRS Form W-9.
- If the victim has already paid the bill prior to filing an application with CalVCB, the victim will be reimbursed directly.

This pamphlet provides information to assist qualified mental health providers in obtaining compensation for services to crime victims.

Applications for compensation must meet CalVCB eligibility requirements before payments can be made. CalVCB can help victims of qualifying crimes such as:

- Assault
- Child Abuse
- Domestic Violence
- Drunk Driving
- Elder Abuse
- Hate Crimes
- Homicide
- Human Trafficking
- Online Harassment
- Robbery
- Sexual Assault
- Stalking
- Vehicular Manslaughter

A minor witness who suffers emotional injuries may qualify for mental health counseling benefits.

CalVCB cannot pay for expenses incurred while a person is on parole, probation or post-release community supervision for a violent felony, incarcerated or required by law to register as a sex offender.
